Muzhappilangad, Kerala, India ,pin : 670662  
7907425360 | navaneethkofficials@gmail.com  
**in** [www.linkedin.com/in/navaneethkofficial](https://www.linkedin.com/in/navaneethkofficial)

## Objective

---

I seek challenging opportunities where I can fully use my skills for the success of the organization.

## Education

---

- College Of Engineering Thalassery** 2020 - 2024  
Btech in Electronic and Communication Engineering
- Kadambur Higher Secondary School** 2018 - 2020  
Biology Science  
80%

## Skills

---

- HTML5
- CSS3
- Javascript
- React.js
- Python
- C programming
- Deep Learning
- Communication

## Projects

---

- Classification of fatal eye diseases using DNN**  
This project investigates the use of convolutional neural networks to automatically detect common eye diseases like diabetic retinopathy, cataract, and glaucoma. Early detection of these sight-threatening conditions is crucial for preventing vision loss. The project aims to improve efficiency in eye disease screening compared to traditional methods.
